MEMORIAL PARTNERS CUP RULES SHEET

All matches from White and Silver tees. If you start on the Silver, you must continue on the Silver for the duration of the event. If you start on the White tee, you must continue on the White for the duration of the event. Per USGA guidelines, the lowest handicap player in each foursome will play to scratch.

If you win your first match you move into the winners bracket and continue to play until you lose and you're out. If you lose your first match, you move into the consolation bracket where you play until you lose and you're out.

There is a maximum 10 stroke handicap difference rule in effect for each team. Adjust higher handicapper down. Your handicap index may go up or down but never above your November 30th number.

The handicaps for each match will be locked in the day after each round is complete or as soon after as possible.

Match schedule:

- 1st Match (12/1/22-1/16/23)
- 2nd Match (1/17/23-2/6/23)
- 3rd Match (2/7/23-2/27/23)
- 4th Match (2/28/23-3/20/23)
- Championship Matches – April 10, 2023

Teams should contact their opponents to schedule all matches - make your own tee times. The Proshop will allow for advanced tee times if made through them. You should pick up your official scorecards in the Pro Shop (a few days prior to your match and inspect them for errors). Please use only the scorecards from the Pro Shop to record all matches - and turn in 1 completed scorecard (signed by both teams) to the Pro Shop at the conclusion of each match. Do not post these match scores on GHIN. In case of a dispute, play a second ball and check with the Pro Shop for a resolution.

Substitutes are allowed in the first 2 rounds only - and only for verified medical or availability issues. Substitutes must be approved in advance by the Tournament Committee and must be:

- Members of the Men's Club
- Not be a player from the same bracket unless already eliminated.
- No player can substitute more than twice and no more than once in a round.
- White tee and Silver tee players can substitute for each other as long as the handicap differential of the sub is +/- 5.

Contact Bob Payne (408-568-1735) or Fred Bowser (206-399-2528) if you have questions or are having problems scheduling your match. A coin toss may decide the winner if matches are not completed by the published deadline. Payouts are listed on the pairings sheets.
